WHAT IS CHAUTAUQUA?

Many people selling Chautauqua tickets, those buying them, and many deerying them, have given little real thought to the word, and what it really stands for.

The Chautauqua system was organized at Chautauqua, New York in 1878, and was the outgrowth of the Chautauqua Assembly founded in 1874 by Bishop John H. Vincent and Lewis Miller, and was first intended to provide facilities for those who desired to make higher education their life work.

In the beginning it did provide courses, to both resident and mail students, in reading, literature, history, various branches of science, art, sociology and economics.

This extended into giving instruction by specialists in the school of English language and literature, of classical languages, social science, pedagogy, religious teaching, music, fine arts, expression, domestic science and practical arts.

Later branched forth, in much more simple way, the present mode of reaching the multitude, and afterwards, so successful became these tours, that they became a yearly feature of the eastern states and grew into the greatest educational and musical organization in America today.

As now equipped the Chautauqua gives to the people throughout the United States, both in moderate cities and in small towns, the opportunity of hearing the great orators of the day and, in music, exponents of the art that formerly could have only been heard upon the concert platforms of the very largest cities, or the Metropolitan opera houses and then at too great a cost for the ordinary people to attempt to pay.

If those who deery the effort now being made to establish this educational, and high class musical, feature in Scotland Neck as one of the yearly events, have not considered the matter from this point they should look up the records of other places, cities in fact, that would feel that they had lost one of the greatest beneficial events of the year should the Chautauqua not make its annual appearance.

Looking at the program as we have studied it, there seems no chance for anyone to be dissatisfied with the production that will come here next week, unless it be those who not only want some vulgar act in which science and art is entirely missing, and this we promise will not be included in the forthcoming Chautauqua pro-

gram.

Think of the average price that a season ticket means for the ten performances. Two dollars a ticket for the series, which means twenty cents each. Why we have paid more than that much for a back seat to hear the Tchaikovsky Quartette. Lets be done with trivial things, and broaden out to the real advantages of life.

EVERYONE SHOULD DRINK GLASS OF WATER TO CLEAN KIDNEYS

If Your Back Hurts or Bladder Bothers You Drink Lots of water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with cold water and kidneyco which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from E. T. Whitehead Co., about one dozen 5 grain kidneyco tablets, take one tablet before each meal and at bedtime with a glass of water for a few days and your kidneys will act fine. This famous remedy is made from perfectly harmless ingredients and acts quickly, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Kidneyco is inexpensive, cannot injure make no mistake, insist on kidneyco which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking and no doubt you will wonder what became of your kidney trouble and backache.

FAT FOLKS MAY NOW BECOME SLIM QUICKLY

Be Moderate in Your Diet, Breathe Deeply, and Take Tassco

Fat persons, particularly those from 10 to 30 pounds above normal weight will be interested to learn that they may easily reduce their weight without starvation diet or tiresome exercise.

This can best be done by being moderate in your diet, so that you will not over-tax your assimilative organs, by getting plenty of fresh air, by breathing deeply and by taking tassco four times a day.

Tassco may be obtained from E. T. Whitehead & Co., in 5-grain tablets take one after each meal and one before retiring at night. They cost little, are absolutely harmless, are pleasant to take and are designed to reduce fatty accumulations in the system wherever located.

A few days' treatment should show a noticeable reduction in weight, the flesh should become firm, the skin smooth and the general health improved, in fact your footsteps should even become lighter, your work seem easier and a lighter and more buoyant feeling take possession of your whole being.

Every person who is 10 or 20 pounds over normal weight should surely give this treatment a trial. You will probably find that it is just what you need.

CHOLERA MORBUS

This is a very painful and dangerous disease. In almost every neighborhood someone has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Eneyart, Huntington, Ind., writes: "During the summer of 1911 two of my children were taken sick with cholera morbus. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief."

DO YOU NEED A SPRING TONIC Do you tire easily? Do you feel exhausted in the morning when you wake up? Have you reached the point where you have no strength left to overcome fatigue.

Then you certainly need a tonic, one that will act quickly and surely. You don't want any guess work about it, either. Do not take stimulants or nauseating oily mixtures, but just take a concentrated tonic—one 5-grain toneline tablet before each meal and at bedtime will produce wonderful results in a few days; just try it.

E. T. Whitehead reports having a wonderful sale on toneline tablets.

From the Medical Press

Dr. G. M. F. says: For all rundown, enemic, exhausted conditions I have found 5-grain toneline tablets act quickly and most effectively. They should not, however, be used by people who do not wish to increase their weight as they are the greatest known flesh builder.

WHOOPIING COUGH

In this disease it is important that the cough be kept loose and expectoration easy, which can be done by giving Chamberlain's Cough Remedy. Mrs. P. H. Martin, Peru, Ind., writes, "My 2 daughters had whooping cough. I gave them Chamberlain's Cough Remedy and it worked like a charm."

SO SAY THEY ALL

One lady said a few days ago that, even, if she wanted to stop trading at my store, she couldn't possibly find any excuse, for she could not get better service, better goods nor more reasonable prices anywhere else, to say nothing of the fact that there was not a store in this section who had as large and complete stock.

Our aim is that you shall have no excuse for stopping. Our regular customers are sticking to us and new ones being added to the list daily
